HOUSING NEEDED FOR 2017 LEGISLATIVE SESSION

PIERRE – The South Dakota State Legislature will be back in session starting January 10, 2017. As always, legislators, interns and pages will need places to stay while working here for those few months. Anyone in the Pierre/Ft. Pierre area who has a house, apartment, or room they would be willing to rent to a legislator or session employee from January 10 through March 10 should contact the Legislative Research Council (LRC). The election is only a month away and the list of available housing needs to be ready to distribute at that time.

Go to the LRC website: <http://www.sdlegislature.gov/> to complete the housing form online or call (605) 773-3251 to request a copy of the housing form be mailed to you. The 92nd Legislative Session Calendar can also be found on the LRC website.

If you have been on the housing list in the past and want to make sure your information is current or if you wish to be removed from the list, call LRC at (605) 773-3251 or send an email to cindy.tryon@sdlegislature.gov.
