Letter of Intent Regarding Investigating Alternative Delivery Methods of Certain Materials

Dear Secretary Jones:

This Letter of Intent sets forth a particular view held by the Joint Committee on Appropriations in approving your appropriation in the 2018 legislative session. As such, this Letter of Intent seeks to supplement that legislation with specific policy guidance as approved on March 26, 2018.

While the guideline does not have the direct force of statutory law, it rests solidly on a long-standing tradition of Legislative-Executive relationships in South Dakota and it will be used by the Joint Committee as one basis for the fiscal oversight of your agency and its continued funding.

The Joint Appropriations Committee directs the Department of Public Safety to investigate more cost-effective ways to deliver driver license renewal reminders and organ donation information. It is the intent of the Committee that the Department of Public Safety provide information regarding this investigation at the December interim meeting. The information should include any alternative delivery methods for the current programs, the ongoing costs of these alternatives, and any one-time expenses.

Thank you for your cooperation.
