Transferred \$50,000 of federal fund expenditure authority to other fund expenditure authority within South Dakota Public Broadcasting. This is a one-time transfer from operating expenses to personal services. Federal fund expenditure authority is available due to less than anticipated federal funds and will be used to cover expenses associated with sick leave and vacation leave payouts for employees who were affected by budget reductions.

Accounting transaction detail can be queried from the central accounting system by LRC staff. A record of this transfer and its authorization is available for public inspection in the Bureau of Finance and Management.
