Transferred \$1,500,000 from other fund expenditure authority to federal fund expenditure authority within Statewide Maintenance and Repair. This is deferred expenditure authority. This is a one-time transfer from operating expenses to operating expenses. Funds will be used to pay for maintenance and repair projects at the South Dakota Developmental Center and Human Services Center. Funds are available due to projects taking longer to complete than originally anticipated.

Accounting transaction detail can be queried from the central accounting system by LRC staff. A record of this transfer and its authorization is available for public inspection in the Bureau of Finance and Management.
