Transferred \$500,000 in general funds equally from Dakota State University, Northern State University, South Dakota State University, the South Dakota School of Mines & Technology, and the University of South Dakota to Black Hills State University (BHSU). This is a base transfer from both personal services and operating expenses to personal services. The proposed realignment takes a step in remedying the funding levels per student at BHSU, based on the new formula utilized by the Board of Regents. This transfer was approved by the Interim Appropriations Committee on June 12, 2012.

Accounting transaction detail can be queried from the central accounting system by LRC staff. A record of this transfer and its authorization is available for public inspection in the Bureau of Finance and Management.
