Transferred \$153,143 of other fund expenditure authority to federal fund expenditure authority within the Division of Motor Vehicles. This is a one-time transfer from operating expenses to operating expenses and from personal services to personal services. The expenditure authority transferred will be used to pay for a portion of the annual maintenance costs of the Division of Motor Vehicles computer system for International Fuel Tax Agreement (IFTA) and International Registration Plan, which includes some staff time to verify certain tax return data. The other fund expenditure authority is available as the expenses for this cost were budgeted with other funds and federal funding became available to pay for a portion of the expenses in FY2014.

I declare and affirm under the penalties of perjury that this claim has been examined by me, and to the best of my knowledge and belief, is in all things true and correct.
