

# **Juvenile Corrections Monitor Semi-Annual Report**

**January 1, 2014 – June 30, 2014**

***Public Section***

## **Introduction:**

This report covers the activities of the Juvenile Corrections Monitor (JCM) from January 1, 2014, through June 30, 2014.

The JCM position began on April 10, 2000, and is administered by the Department of Human Services (DHS), Office of the Secretary. The JCM office is located in Hillview Plaza, on East Highway 34. The mailing address is c/o 500 East Capitol, Pierre, South Dakota 57501-5070. The telephone number for the JCM at DHS is 605-773-5990. DHS has a toll free number 800-265-9684, which also provides access to the JCM free of charge to the calling party.

DHS has prepared a brochure describing the duties and responsibilities of the JCM. These brochures are always available to all youth and visitors and can be viewed on the DHS website at the following link:

<http://dhs.sd.gov/monitor/monitor.aspx>

During the intake process in each program at STAR Academy, the JCM's position, responsibilities and availability is discussed with each new youth. Each new youth is given a copy of the JCM brochure at the time of his or her arrival on campus. This information is again brought to the attention of the youth by the JCM during any investigation or by the program staff during programming as the situation warrants.

All new and recommitted DOC youths' custodial parents or guardians are sent a letter from the JCM. The letter introduces the JCM and explains the JCM responsibilities; the confidential nature of all complaints made to the JCM whether by parents, guardians or youths; and includes a copy of the JCM brochure.

The Department of Human Services internet home page has a link the custodial parent(s) or guardian(s) or any member of the public may use to contact the JCM. Any contact to the JCM via this method will be treated confidentially, just as any telephone call or personal contact.

The confidentiality of all communications with the JCM is emphasized with each STAR Academy youth to ensure everyone understands there will be no repercussions, retaliation or harassment by staff for meeting with the JCM over any concern he/she might have.

The JCM conducts training on the JCM position including the legislative statute as defined with newly-hired employees. Abuse and neglect, as defined in the JCM statute are also discussed in detail. The confidentiality of any communications with the JCM is emphasized with the staff as it is with all youth at the STAR Academy. It is also explained to the newly hired employees that this confidentiality provision applies to all youth, complainants, and/or other individuals who report violations, questionable practices or suspicions to the JCM. These classes occur randomly throughout the year depending on when new employees are hired and enter on duty. All newly hired STAR Academy employees, as well as other selected DOC employees and all contract

employees providing services on the STAR Academy campus must attend these classes as part of their conditions of employment or terms of their contract.

The JCM also conducts Report Writing training during Pre-Service and In-Service training periods for all new staff as well as veteran staff. These classes occur randomly throughout the year depending on when new employees are hired as well as quarterly training for veteran staff.

Padlocked boxes are placed in each program in easily accessible places for the youth to use to initiate contact with the JCM. Any individual, including DOC staff or visitors, may use such a box to contact the JCM. Any individual may put his/her name on a piece of paper and place it in any one of these boxes. Anyone using the locked box may also write a summary of the complaint for the JCM to read prior to the meeting if they wish, but a name is all that is needed to initiate contact. The JCM checks the boxes a minimum of twice a week and will address all complaints and/or concerns immediately.

The JCM is available for consultation with any youth, staff or other interested person while present on the STAR Academy Campus. Immediate access to the JCM, whenever possible, is afforded to the requesting individual. It is important that the youth have their concerns addressed in as timely a manner as possible; therefore, there is no set procedure or requirement to be followed to initiate these meetings with the JCM.

### **Legislative History:**

The Juvenile Corrections Monitor (JCM) position was established by the legislature sitting in 2000; it is codified beginning at SDCL 26-11A-24.

The JCM is designated by the Governor to protect the rights of the individuals in the custody or care of juvenile corrections facilities (SDCL 26-11A-25). Any and all allegations of abuse or neglect of individuals within state-run juvenile corrections facilities will be investigated by the JCM.

**“Abuse”** is defined as “any act or failure to act by an employee of a juvenile corrections facility or by a contract person or entity providing services to a juvenile corrections facility, which act was performed or was failed to be performed, knowingly, recklessly, or intentionally, and which caused, or may have caused, injury or death to an individual in the custody or care of a juvenile corrections facility.” (SDCL 26-11A-24 (1)).

**“Neglect”** is defined as “a negligent act or omission by any individual responsible for providing custody, care, or services in a juvenile corrections facility which caused or may have caused injury or death to an individual in the care or custody of a juvenile corrections facility or which placed such individual at undue risk of injury or death.” (SDCL 26-11A-24 (5)).

The JCM, as stated in SDCL 26-11A-27, is required to:

(1) Investigate incidents of abuse or neglect of such individuals within the juvenile corrections facilities, if the incidents are reported to the JCM or if there is reasonable suspicion to believe that the incidents occurred;

(2) Access any individual in the custody or care of juvenile corrections facilities and any employee in the employ of the State of South Dakota or any of its political subdivisions;

(3) Access any records of or relating to any individual in the custody or care of juvenile facilities;

(4) "Provide a semi-annual report to the Governor, the Legislature, the Corrections Commission established by § 1-15-1.13, the Secretary of the Department of Human Services, and the Secretary of the Department of Corrections. The report shall contain the activities of the JCM for the six-month period immediately prior to the report. Activities shall reflect the number of referrals to the JCM, the number of investigations completed, a brief description of any investigation that resulted in a finding of abuse or neglect, and a summary of other activities performed by the JCM;"

(5) Provide training and assistance to employees of the Department of Corrections in areas within the scope of the JCM's position;

(6) Review Department of Corrections' policies dealing with juvenile's rights to ensure compliance with federal and state laws, rules, and policy;

(7) Provide reasonable notification of the existence and role of the JCM to all individuals in the custody or care of a juvenile corrections facility and the custodial parent or guardian;

(8) Submit a confidential addendum to each semi-annual report to the Government Operations and Audit committee created in § 2-6-2, the Governor, the secretary of the Department of Human Services, and the Secretary of the Department of Corrections. This addendum shall contain a description of each case investigated, the specific findings and recommendations of the Juvenile Corrections Monitor, and the Department of Corrections' response to the recommendations.

Prior to the release of the semi-annual report of the JCM as provided in subdivision 26-11A-27(4), the Attorney General shall certify that that report does not disclose the identity of any juvenile or other person in violation of the provisions of § 26-11A-30 or 26-11A-33. Upon such certification, the JCM's semi-annual report is deemed an open record. 26-11A-27.1

The JCM may not offer any testimony at any "audit, report, evaluation, or public testimony" that might disclose the identity of the complainant or any personal information, description or personal characteristic which might lead to the identification of any youth requesting assistance under the statute. The identity of the person or agency making a complaint or report to the JCM under this statute is kept confidential (SDCL 26-11A-30).

The JCM is required to immediately notify the Governor, the Department of Corrections Secretary, and the Government Operations and Audit Committee of the legislature in writing of any substantiated abuse or neglect, including the facts of the case and the identity of the perpetrator(s) (SDCL 26-11A-28).

Anyone knowingly hindering the lawful actions of the JCM is guilty of a misdemeanor. No state agency or anyone acting on their behalf may take any adverse action against an individual in retaliation because that person cooperated with, or provided information to, the JCM. Any state agency or any individual acting for a state agency that takes any adverse action against an individual in retaliation because the individual cooperated with or provided information to the JCM is guilty of a Class 1 misdemeanor (SDCL 26-11A-31 and 32).

The identity of the juvenile and of any person or agency making a report to the JCM is required to be kept confidential (SDCL 26-11A-33).

### Process of Complaints or Referrals

The current reporting period is from 01/01/2014 to 06/30/2014. In this reporting period, the JCM was contacted by individual juveniles with questions or complaints as well as DOC Staff. Some of these individuals used the lock-boxes to contact the JCM, while others contacted the JCM while on campus at STAR Academy. The JCM would then discuss that person's particular question or issue as soon after receiving the request, or personal contact, as possible.

In addressing these inquiries, the JCM does not always conduct a complete investigation. Sometimes it is not necessary; providing a contact telephone number for program staff or a correct mailing address might be all that was necessary to answer the inquiry.

The JCM's locked boxes are placed in well used, easily accessible locations throughout the STAR Academy Campus.

Youth Challenge Center (YCC) is comprised of two separate programs divided according to a juvenile's risk level and the intensity of services required by that juvenile. YCC 1 has the higher risk level youth, as well as the youth requiring a higher level of services. YCC 2 has the lower risk level youth who needs a less intense level of services, such as "outpatient chemical dependency treatment." Each unit has a 24 bed capacity supervised by a Treatment Supervisor; each Treatment Supervisor reporting to the Program Manager.

The Patrick Henry Brady Academy (PHBA) is a Performance based program with two separate bed areas. Youth are assigned to them equally based on assessed needs and responsivity (barriers exhibited by the youth in responding to treatment) factors. Each bed area has the ability to house up to 24 youth as circumstances warrant. There is space to accommodate a maximum limit of 26 youth without violating any administrative rules or program guidelines.

The STAR Academy East Campus, which is comprised of one girls' program, QUEST, is located within the boundaries of Custer State Park. QUEST (Quality

Educational Services and Treatment) is a Department of Social Services (DSS) licensed group care facility. The program is typically five to six months long and can house up to 32 youth. QUEST serves girls who have been physically and/or sexually abused and/or have significant chemical dependency issues requiring a higher level of treatment than is generally available within a community setting.

During the period **01/01/2014 to 06/30/2014**, the average daily population for the STAR Academy was **114.52** youths. This includes the boys' and girls' programs. The Patrick Henry Brady Academy is comprised of two units: BA1 averaged **17.8** youths and BA2 averaged **20.5** youths. The boys' chronic mental health/chemical dependency program, the Youth Challenge Center, is comprised of two units: YCC 1 which averaged **18.4** youths and YCC 2 averaged **15.3** youths. The girls program, QUEST averaged **23.4** youths.

In addition to receiving complaints in the lock-box or from interested third parties, parents or guardians, the JCM may also initiate investigations based on incidents personally observed or from information heard in comments or conversations with staff and/or youths. The JCM may also conduct an investigation after receiving information directly from DOC/STAR Academy staff, program written reports, or from reviewing pass-down logs maintained in each program. These pass-down logs report the activities and other items of interest or information from the previous shift to the oncoming shift within that program. A review of the "Incident Report Forms," also provides information which the JCM may use to begin an investigation.

## STAR Academy Statistical Information Lock Boxes and Personal Contacts

**01/01/2014 to 06/30/2014**

There were a total of **64** contacts to the JCM during this reporting period; **55** notes from youths in the lock-boxes and **9** direct contact requests or questions from the youth to the JCM. The **9** personal requests or questions from the youth were handled in the same manner as the written requests or questions put in the lock-boxes. The statistical information from all contacts is set forth below.

### Notes v. Personal Contacts

<b>Lock-Box Notes</b>	<b>55</b>
<b>Personal Contacts by Juveniles</b>	<b>9</b>

### Contacts by Program

<b>1. Patrick Henry Brady Academy</b>	<b>34</b>
<b>2. Youth Challenge Center</b>	<b>26</b>
<b>3. QUEST</b>	<b>4</b>

## Contacts by Month

1. January	0
2. February	7
3. March	15
4. April	17
5. May	10
6. June	15

## Contacts by Subject Matter

1. Program Problems	7
2. Peer Problems	22
3. Staff Behavior	18
4. Miscellaneous	17

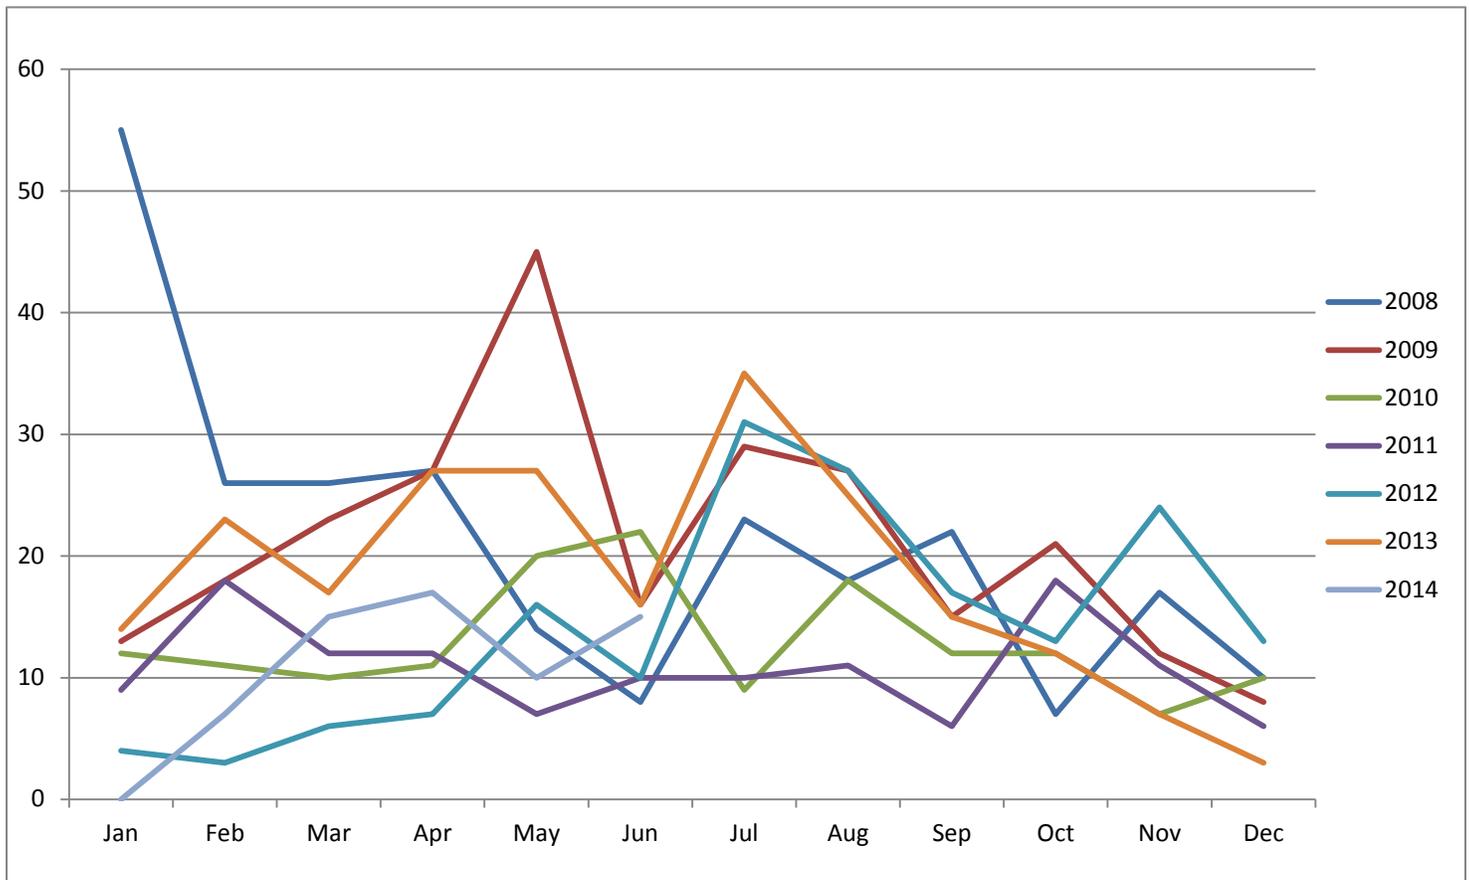

The "Miscellaneous" category consisted of **17** contacts. They were complaints about such things as not liking their midafternoon snack; not enough showering time; and a few just wanting to talk about things bothering them from their life outside of STAR. These complaints were satisfactorily resolved through discussions with the JCM and/or by STAR Administration.

There was one contact from a youth's guardian/grandparent who was concerned for her son's safety while at STAR Academy. The JCM did not discover any safety and security issues; however the youth was encountering some negative verbal remarks by other youth. The concerns were immediately addressed and the youth who were making the comments received consequences for their behaviors. The guardian was contacted with the results of the inquiry and was satisfied with the results. No further action was taken by the JCM.

## Youth Contacts for the past 6 Reporting Periods

<u>Reporting Period</u>	<u>Total</u>	<u>Notes</u>	<u>Personal</u>
1. July to Dec. 2011	62	35	27
2. Jan. to June 2012	46	44	2
3. July to Dec. 2012	125	98	27
4. Jan. to June 2013	124	120	4
5. July to Dec. 2013	97	90	7
6. Jan. to June 2014	64	55	9

## Lock Box Notes – Six Year Comparison

## Summary of Reports

Two (2) investigative reports were completed and submitted during this reporting period. A summary of each investigation is below:

Investigation #1 – This investigation was generated by the JCM due to a youth escaping from STAR Academy. The youth was later apprehended and returned to STAR Academy. Based on the outcome of this investigation, it was determined that STAR staff was not neglectful with regard to the safety and security of the youth and used all precautionary procedures at their disposal.

Investigation #2 – This investigation was generated by the JCM based on an email notification received from STAR Academy Administration. A youth alleged excessive force was used against him during a restraint. The youth was restrained due to his combative resistance to staff for his failure to follow staff directives. Based on the outcome of this investigation, it was determined that there was no physical abuse due to excessive force used to restrain the youth and therefore, the allegation was unsubstantiated.

The JCM also received several complaints from youth regarding poor peer relations that involved name calling and inappropriate sexually motivated comments. Those complaints were referred to STAR Academy's PREA (Prison Rape Elimination Act) investigative team. No further action was taken by the JCM.

### **Summary of Reports Table**

<b>Program</b>	<b>Allegation</b>	<b>Investigation Outcome</b>	<b>Other Information</b>
<b>YCC1</b>	NONE	UNSUBSTANTIATED	Additional Training Additional Security Measures
<b>YCC1</b>	ABUSE	UNSUBSTANTIATED	None

The following chart and table reflect a numerical comparison of the subject matter of the contacts by the youth at the STAR Academy over the past 5 years, as requested by the Government Operations and Audit Committee

### **5 ½ Year - Comparison of Contacts by Subject Matter**

<b>Fiscal Year</b>	<b>2009</b>	<b>2010</b>	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>
<b>Program Problems</b>	72	45	34	24	33	7
<b>Staff Issues</b>	75	94	50	85	115	18
<b>Peer Problems</b>	15	20	21	13	32	22
<b>Misc.</b>	38	2	6	48	41	17

### **Other activities of the JCM**

The JCM randomly reviews the administrative remedy requests, commonly referred to as grievances by the youth, within all of the programs at the STAR Academy. The JCM may discuss the complaints and remedies or answers with program supervisors or staff and/or the complaining youth to seek further explanations and determine if the matters were resolved in a manner satisfactory to the youths. The JCM may also facilitate meetings with program staff to answer other youth's questions.

The majority of the grievances filed concern the administration of the program or the rules under which the program operates, which do not fall within the scope of

the JCM's jurisdiction under the statutory definitions of abuse or neglect or violations of the youth's "legal rights" as stated in the JCM statute (SDCL 26-11A-24-(2)).

Sometimes these same questions may also be brought to the attention of the JCM by the youth through the lock-boxes, or during a personal conversation with the JCM before the formal program response is made. In these instances, with the permission of the youth, the JCM will contact the program manager or senior staff to personally convey the youth's concerns. The JCM has found that this approach leads to a mutually satisfactory resolution of the problem for both staff and the youths, with a minimum of misunderstandings by the youth. On other occasions, the youth may simply want to "rehash" the issue so that they completely understand the answer(s) given to them.

The JCM reviews all of the Use of Force reports generated within the STAR facility. While on site, the JCM also observes anyone in confinement and reviews the supporting documentation to ensure compliance with DOC policy and STAR Operational Memoranda.

Many youth are interviewed on a random basis by the JCM during these visits. These contacts are usually informal visits about conditions at the Star Academy, or other items of interest to the youth or the JCM. These random, unfettered contacts are crucial for the JCM to emphasize availability and accessibility, as well as the freedom each youth has to talk with the JCM at any time.

Respectfully submitted,

Kathleen Colson  
Juvenile Corrections Monitor
