

2014 Interim Committee approved by the Executive Board

Highway Needs and Financing Interim Committee

Study Scope: Study the current and future conditions and financial needs to maintain, repair, and improve the state and local highways, roads, and bridges. The study should specifically evaluate:

- (1) The immediate and short-term financing needs to tackle the quality of the local roads and bridges;
- (2) The long-term financing needs to maintain the quality of the state highway and bridge system;
- (3) The inventory of state & local road & bridge conditions;
- (4) The strategies for creating greater efficiency in financing state and local roads;
- (5) The projected federal, state, and local revenues in relation to actual road and bridge needs; and
- (6) The impact of the 2011 and 2013 motor vehicle license fee increases.
