

2014 Planning Committee Study

Planning Committee

Study Scope: To conduct a two year study of K-12 education to improve educational outcomes in the state. The study should include the following:

- (1) The education funding formula;
- (2) All revenue, expenditures, and accounting practices for education;
- (3) Salary needs;
- (4) School district budget reserves; and
- (5) Levels of various education funding tax levies.
