NINETY-THIRD SESSION LEGISLATIVE ASSEMBLY, 2018

219Z0046

HOUSE BILL NO. _____

Introduced by: _____

1 FOR AN ACT ENTITLED, An Act to provide for public recreational use of certain waters
2 overlying public and private property and to declare an emergency.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF SOUTH DAKOTA:

4 Section 1. That the code be amended by adding a NEW SECTION to read:

5 The Legislature finds:

6 (1) The South Dakota Supreme Court, in *Parks v. Cooper*, 2004 SD 27 and *Duerre v.*
7 *Hepler*, 2017 SD 8, held that the Legislature has the obligation to determine the
8 extent of public use of water overlying private property for recreational purposes; and

9 (2) Because the State holds the waters in trust for the benefit of the public, the
10 Legislature must balance the interests of recreational users and the rights of private
11 property owners to provide a constitutionally sound and manageable basis for
12 establishing public recreational use of water overlying private property in accordance
13 with this Act.

14 Section 2. That the code be amended by adding a NEW SECTION to read:

15 Terms used in this Act mean:

16 (1) "Commission," the Game, Fish and Parks Commission;

- 2 (3) "Meandered lake," any natural water body, except a river or stream, for which a
3 meander line survey was included as part of the official survey conducted by the
4 United States surveyor general for the land on which the lake is situated and the
5 meander lines are shown on plats made by the United States General Land Office;
- 6 (4) "Nonmeandered lake," any natural lake that is not a meandered lake;
- 7 (5) "Recreational use," use for one or more of the following activities, except as

10 Section 3. That the code be amended by adding a NEW SECTION to read:

11 The bed of each meandered lake within the lake's ordinary high water mark and the water
12 of each meandered lake is open to recreational use.

13 Section 4. That the code be amended by adding a NEW SECTION to read:

14 The department, on behalf of and in the name of the state, may negotiate with each
15 landowner to acquire, by gift, grant, devise, purchase, lease, or license, recreational use of all
16 or any portion of any nonmeandered lake overlying private property. Any agreement reached
17 pursuant to this section, or any failure to reach an agreement, does not constitute appealable
18 final action of the department.

19 Section 5. That the code be amended by adding a NEW SECTION to read:

20 Any person is entitled to recreational use of the portion of a nonmeandered lake that overlies
21 private property if that person has permission from the owner of the private property.

22 Section 6. That the code be amended by adding a NEW SECTION to read:

23 Any nonmeandered lake overlying private property is open to recreational use without
24 permission of any owner of the private property underlying the nonmeandered lake unless the

1 owner of the private property installs conspicuous markers, which may consist of signs or buoys,
2 to identify the area of the nonmeandered lake that is not open to public recreational use without
3 permission or agreement as provided under this Act.

4 Section 7. That the code be amended by adding a NEW SECTION to read:

9 period; and
- 10 (2) The expenditure of public funds for the construction of one or more boat ramps.

9 this Act may petition the commission to allow the owner of private property to restrict
10 recreational use of the water overlying the owner's private property. The commission shall
11 determine whether to grant, deny, or modify the petition. The commission shall consider the
12 privacy, safety, and substantially affected financial interests of the owner of the private property
13 underlying the water, as well as history of use, water quality, water quantity, and the public's
14 interest in recreational use of the water.

15 Section 10. That the code be amended by adding a NEW SECTION to read:

16 No lease or license entered into pursuant to section 4 of this Act may be for a term

23 Section 12. That the code be amended by adding a NEW SECTION to read:

24 The commission shall promulgate rules, pursuant to chapter 1-26, to specify standards for

3 Section 13. That the code be amended by adding a NEW SECTION to read:

4 The owner of private property shall notify the department, within a reasonable time frame,
5 of any area of a nonmeandered lake marked by the owner of private property pursuant to section

8 to assist the public in identifying each public hunting or fishing area.

9 Section 14. That the code be amended by adding a NEW SECTION to read:

10 Access to any nonmeandered lake for recreational use may only be by public roadway,
11 public right-of-way, or other lawful means. Nothing in this Act creates a right of ingress or
12 egress on private property to access a nonmeandered lake.

13 Section 15. That the code be amended by adding a NEW SECTION to read:

14 No person may walk, wade, stand, or operate a motor vehicle on the bed of a nonmeandered
15 lake, or trap or hunt on the frozen surface above private land, without permission from the
16 landowner or any other person legally in possession of the privately owned property underlying
17 the waters of that portion of the nonmeandered lake.

18 Section 16. That the code be amended by adding a NEW SECTION to read:

19 The commission shall promulgate rules, pursuant to chapter 1-26, to establish a process
20 whereby a person may petition the commission to open a portion of the waters or ice of a
21 nonmeandered lake marked pursuant to section 6 of this Act for the limited purpose of
22 transportation to a portion of the nonmeandered lake that is open for recreational use under the
23 following conditions:

24 (1) The marked portion of the nonmeandered lake is directly between a point of legal

1 public access and a portion of the nonmeandered lake open for recreational use; and
2 (2) There is no alternative legal public access or improved legal public access to the
3 portion of the nonmeandered lake open for recreational use.

4 Section 17. That the code be amended by adding a NEW SECTION to read:

5 The commission shall set the size and location of the area of the marked portion of a
6 nonmeandered lake opened for transportation pursuant to section 16 of this Act and set
7 reasonable speed, wake, and other limitations to protect the privacy, safety, and substantially
8 affected financial interests of the owner of private property underlying the marked portion of
9 the nonmeandered lake.

10 Section 18. That the code be amended by adding a NEW SECTION to read:

11 Any person who enters or remains upon private property or waters overlying private property

15 However, any contact between recreational equipment and private property underlying any
