

Access to Mental Health Services 2018 Interim Study
Department of Social Services
Follow-up Items for December 3, 2018 Meeting

- Does the number of patients reported in the acute program include those for competency evaluations?
Yes, 14 of the 659 admissions in FY18 were restoration to competency patients
- What is the number of patients on the acute unit who discharge to the psych rehab unit?
In FY18, 76 patients discharged from the acute unit to the psych rehab unit.
- Can you break out length of stay by the following: under 72 hours; 72 hours; 14 or more days?
Length of stay is tracked in days so we can't pull the data by hours. The following is adult acute length of stay for FY18:
 - **Less than 3 days: 146 patients or 20%**
 - **4 to 14 days: 373 patients or 52%**
 - **15 or more days: 203 patients or 28%**
