

### Task Force 3 – Leverage Telehealth and Telemedicine

#### Community Mental Health Center Staffing Needs Response:

The following is the number of vacancies by position at the 11 community mental health centers (CMHC). Data was collected during June 2019 through the quarterly *Access to Services* survey. Three out of 11 CMHC did not complete the position vacancy portion of the survey. Seven out of the eight CMHC reported at least one master level therapist vacancy with seven vacancies being the highest.
