34-12-1.1. Terms used in this chapter mean:

- (2) "Assisted living center," any institution, rest home, boarding home, place, building, or agency which is maintained and operated to provide personal care and services which meet some need beyond basic provision of food, shelter, and laundry in a free-standing, physically separate facility which is not otherwise required to be licensed under this chapter;
- (3) "Chemical dependency treatment facility," any facility which provides a structured inpatient treatment program for alcoholism or drug abuse;
- (4) "Health care facility," any institution, sanitarium, maternity home, ambulatory surgery center, chemical dependency treatment facility, hospital, nursing facility, assisted living center, rural primary care hospital, adult foster care home, inpatient hospice, residential hospice, place, building, or agency in which any accommodation is maintained, furnished, or offered for the hospitalization, nursing care, or supervised care of the sick or injured;
- (5) "Hospital," any establishment with an organized medical staff with permanent facilities that include inpatient beds and is primarily engaged in providing by or under the supervision of physicians, to inpatients, any of the following services: diagnostic or therapeutic services for the medical diagnosis, treatment, or care of injured, disabled, or

- (7) "Nursing facility," any facility which is maintained and operated for the express or implied purpose of providing care to one or more persons whether for consideration or not, who are not acutely ill but require nursing care and related medical services of such complexity as to require professional nursing care under the direction of a physician on a twenty-four hour per day basis; or a facility which is maintained and operated for the express or implied purpose of providing care to one or more persons, whether for consideration or not, who do not require the degree of care and treatment which a hospital is designed to provide, but who because of their mental or physical condition require medical care and health services which can be made available to them only through institutional facilities;
- (8) "Critical access hospital," any nonprofit or public hospital providing emergency care on a twenty-four hour basis located in a rural area which has limited acute inpatient services, focusing on primary and preventive care, and which has in effect an agreement with a
