## THE COMMUNITY EQUATION

(People + Purpose) x Passion = A Stronger Community

We call this "The Community Equation."

Our role as Community Support Providers is to support individuals as they find their unique purpose. With a clear purpose, individuals find their natural passion unleashed and multiplied.

The best thing about the community equation?

It can work for all of us.

## WHO WE ARE

The Community Support Providers of South Dakota include 19 members, all not-for-profit community agencies that are certified by the South Dakota Department of Human Services to provide a full range of services and support to help meet the needs and desires of individuals with disabilities and their families. The agencies are governed by local Boards of Directors and are required to meet established standards in order to be certified by the State of South Dakota.

Annually, over 3,300 staff members work nearly 6,000,000 hours to support almost 4,000 people with disabilities in a variety of community-based settings.
