

One Hundred Thirty-fifth Meeting
2004 Interim
Wednesday, December 8, 2004

Legislative Conference Rooms 1 & 2
State Capitol Building
Pierre, South Dakota

The one hundred thirty-fifth meeting of the Special Committee on Appropriations was called to order by Senator Jerry Apa, Co-Chair, at 9:05 a.m., Wednesday, December 8, 2004, in Legislative Conference Rooms 1 and 2 of the State Capitol in Pierre, South Dakota.

A quorum was determined with the following members answering the roll call: Senators Jerry Apa (Co-Chair), H. Paul Dennert, William F. Earley, Brock L. Greenfield, Mike Jaspers, Marguerite Kleven, and Duane Sutton (Vice Chair); and Representatives Stanford M. Adelstein (Vice Chair), Julie Bartling, Quinten Burg, Mary Glenski, Ted Klaudt, and J.E. "Jim" Putnam (Co-Chair). Senators Robert N. Duxbury and William M. Napoli; and Representatives Rebekah Craddock, Orville B. Smidt, and Ron Williamson were excused.

Staff members present included Reed Holwegner, Chief Fiscal Analyst; Sue Cichos, Senior Fiscal Analyst; Aaron Olson, Fiscal Analyst; and Teri Retrum, Senior Legislative Secretary.

A list of persons present during all or part of the meeting is on file with the master minutes.

(NOTE: For sake of continuity, the following minutes are not necessarily in chronological order. Also, all referenced documents are on file with the Master Minutes.)

At the request of **Co-Chair Jerry Apa**, the following newly appointed members of the 2005 Joint Appropriations Committee, who were observing the committee meeting, introduced themselves: Senator-Elect Jason M. Gant; and Representatives-Elect Deb Peters, Val Rausch, and Larry J. Tidemann.

Approval of Minutes

SENATOR JASPERS MOVED, SECONDED BY SENATOR GREENFIELD, THAT THE MINUTES OF THE ONE HUNDRED THIRTY THIRD MEETING (JUNE 14, 2004) BE APPROVED. MOTION PREVAILED UNANIMOUSLY ON A VOICE VOTE.

Co-Chair J.E. "Jim" Putnam asked **Mr. Reed Holwegner**, Chief Fiscal Analyst, if he had received a monthly update from **Secretary Tom Dravland** regarding the Department of Public Safety as requested by Co-Chair Apa at the June 14, 2004, meeting. Mr. Holwegner responded that neither he nor **Mr. Aaron Olson**, Fiscal Analyst, had received such updates. Co-Chair Apa directed staff to follow-up with Secretary Dravland on the monthly update request and to provide members with a copy of Secretary Dravland's response.

Senator Marguerite Kleven suggested that "unfinished business" be noted on each Appropriations Committee agenda.

Senator H. Paul Dennert said that in his conversations with Secretary Dravland he has learned that the federal government is quite restrictive and particular about what is allowed to be purchased with the Homeland Security dollars. He also said that his concerns were timely and appropriately addressed by Secretary Dravland.

REPRESENTATIVE PUTNAM MOVED, SECONDED BY SENATOR EARLY, THAT THE MINUTES OF THE ONE HUNDRED THIRTY FOURTH MEETING (OCTOBER 14, 2004) BE APPROVED. MOTION PREVAILED UNANIMOUSLY ON A VOICE VOTE.

Expenditure Authority Requests

The *Interim Report*, prepared by the Bureau of Finance and Management, is on file with the master minutes as **Document #1**.

Mr. Holwegner presented the committee with a memo analyzing the interim budgetary requests (**Document #2**).

Animal Industry Board—\$450,000

Dr. Sam Holland, Animal Industry Board, testified that the United States Department of Agriculture (USDA) has made available various federal moneys. The Animal Industry Board is requesting \$450,000 from federal funds and 1.0 FTE. Dr. Holland said that \$60,000 will be used to provide incentives to sheep producers to test breeding rams for DNA evidence of resistance to scrapie. One hundred thousand dollars will provide for surveillance of Chronic Wasting Disease in livestock in South Dakota. Two hundred ninety thousand dollars and 1.0 FTE will be used to develop and implement a multi-species identification system. Dr. Holland stressed the importance of an animal identification system in South Dakota and said that the \$290,000 also will provide the ability to track animals through the livestock auction markets and other areas where animals are commingled. He said that the program will be compatible with the National Animal Identification System and the Governor's Certified Beef Marketing Initiative.

Representative Ted Klaudt asked if \$290,000 is enough money to implement the identification system. Dr. Holland said that the first part will be for the producers to register premises and will go a long way toward getting an identification system up and running. He said that the Animal Industry Board is working on behalf of the industry to track animals. Eventually, all cattle will be able to be tracked by electronic identification as they move toward market.

Senator William Earley said that he could support the request as a pilot project; however, he said that he will not support the request if it goes beyond pilot project status.

Dr. Holland said that it is a pilot project but that he does not foresee government getting out of the business of tracking animal health. He said that it would be devastating to the cattle industry if the state is unable to respond to animal disease emergencies.

Responding to **Senator Mike Jaspers**, Dr. Holland said that in his opinion branding will not be eliminated as a means of identification because it is a highly identifiable mark.

Co-Chair Apa said that private industry is already working on animal identification and questioned whether the government would be competing with private business in this effort. Would the government be unnecessarily intruding on business? To address this concern, Co-Chair Apa said that, at the prerogative of the chair, he would request that the committee divide the question into two parts as follows:

1. Consideration of \$60,000 from federal funds to provide incentives to sheep producers to test breeding rams for DNA evidence resistance to scrapie and \$100,000 of federal fund expenditure authority to provide for surveillance of chronic wasting disease; and
2. Consideration of \$290,000 plus 1.0 FTE to develop and implement a multi-species identification system that will be compatible with the National Animal Identification System and the National Animal Identification System.

Co-Chair Putnam agreed with Co-Chair Apa and said that perhaps this should be discussed in the 2005 Legislative Session so the entire Legislature would be able to have input into the matter.

REPRESENTATIVE GLENSKI MOVED, SECONDED BY SENATOR GREENFIELD, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE ANIMAL INDUSTRY BOARD FOR \$60,000 FOR FEDERAL FUNDS TO PROVIDE INCENTIVES TO SHEEP PRODUCERS TO TEST BREEDING RAMS FOR DNA EVIDENCE OF RESISTANCE TO SCRAPIE AND TO APPROVE \$100,000 FROM FEDERAL FUNDS TO PROVIDE FOR SURVEILLANCE OF CHRONIC WASTING DISEASE. MOTION PREVAILED UNANIMOUSLY ON A ROLL CALL VOTE WITH 13 VOTING AYE AND 5 EXCUSED. Those voting AYE: Dennert, Earley, Greenfield, Jaspers, Kleven, Duane Sutton, Adelstein, Bartling, Burg, Glenski, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Craddock, Smidt, and Williamson.

As for the developing and implementing a multi-species identification system, Co-Chair Apa said that all interested parties should be able to have input and that the issue would be better addressed in the upcoming session.

Senator Kleven said that the agricultural industry is the largest in the state and that it is important to keep track of this industry.

Co-Chair Putnam said no one objects to spending the money; however, he said that it would be better to discuss it with the secretary of the Department of Agriculture, the legislators, and other interested parties—proponents and opponents.

Representative Mary Glenski complimented Dr. Holland on presenting his request to the committee and said that she does not want an emergency to arise in the cattle industry and know that something could have been done to prevent the emergency but was not done. Senator Dennert agreed with Representative Glenski's comments.

Co-Chair Apa said that by waiting until session it is only being delayed not discarded.

Representative Quinten Burg said that the problem with waiting until session is that then it will not go into effect until June.

REPRESENTATIVE GLENSKI MOVED, SECONDED BY SENATOR DENNERT, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE ANIMAL INDUSTRY BOARD FOR \$290,000 PLUS ONE FTE TO DEVELOP AND IMPLEMENT A MULTI-SPECIES IDENTIFICATION SYSTEM THAT WILL BE COMPATIBLE WITH THE NATIONAL ANIMAL IDENTIFICATION SYSTEM. MOTION FAILED ON A ROLL CALL VOTE WITH 6 VOTING AYE, 7 VOTING NAY, AND 5 EXCUSED. Those voting AYE: Dennert, Kleven, Duane Sutton, Bartling, Burg, and Glenski. Those voting NAY: Earley, Greenfield, Jaspers, Adelstein, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Cradduck, Smidt, and Williamson.

Co-Chairs Apa and Putnam agreed that the Joint Appropriations Committee should consider discussing the issue with the secretary of the Department of Agriculture during the first week of session.

Attorney General—\$100,000

Mr. Larry Long, Attorney General, said that his office is requesting \$100,000 from federal funds and 2.0 FTEs for the Northern Plains Safe Trails Task Force. The Attorney General's Office has been approved to receive the money from the Department of Housing and Urban Development (HUD). It is one of several pilot projects in the United States. The focus of the Task Force will be interdiction of drug trafficking and violent crime in Indian Country. Mr. Long said that the 2.0 FTEs will be placed in Winner and Rapid City.

Mr. Kevin Thom, Division of Criminal Investigation (DCI), said that the HUD money is coming through the United States Attorney's Office.

Responding to Senator Earley, Mr. Long said that it is the position of the Attorney General's Office that when the federal money disappears then the program also disappears.

Representative Glenski asked whether the committee should wait until the first days of session to discuss this matter so that all interested parties can provide input. Mr. Long said that this is not a new project but an expansion of an existing program which will enable the office to provide better services.

SENATOR EARLEY MOVED, SECONDED BY SENATOR DUANE SUTTON, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE ATTORNEY GENERAL FOR \$100,000 FROM FEDERAL FUNDS PLUS 2.0 FTES FOR THE NORTHERN PLAINS SAFE TRAILS TASK FORCE. MOTION PREVAILED UNANIMOUSLY ON A ROLL CALL VOTE WITH 11 VOTING AYE AND 7 EXCUSED. Those voting AYE: Earley, Greenfield, Jaspers, Kleven,

Duane Sutton, Adelstein, Bartling, Glenski, Klaudt, Apa, and Putnam. Those EXCUSED: Dennert, Duxbury, Napoli, Burg, Craddock, Smidt, and Williamson.

Reporting on the status of the new DCI Joint Use Building, Mr. Long said that the project has encountered cost difficulties, such as:

1. Between the time that the bill (HB 1152) was passed and the first of June, the price of steel rose considerably;
2. Costs of any petroleum-based products are increasing at 16 percent per month; and
3. Due to some design changes, there will be cost overruns.

Mr. Long said that currently the cost of the project has risen to about \$3,500,000 to \$4,000,000.

Responding to Representative Glenski, **Mr. Rich Ivy**, State Engineer, said that when the Mike Durfee Prison was built, a construction manager at risk policy was used which allowed the state to go to individual contracts, and the advantage was that the market was hit at the right time.

Also responding to Representative Glenski, Mr. Long said that the state is continuing to talk to Governor Rounds and the state's congressional delegation concerning construction funding.

Representative Glenski asked for numbers regarding the savings incurred by building a new facility to house all of the Attorney General's Office versus renting space. Mr. Long said that he will provide that information.

The committee recessed at 10:43 a.m. and reconvened at 11:03 a.m.

Co-Chair Apa asked Mr. Holwegner to review a letter received from Mr. Dravland during the recess in which Mr. Dravland explained the confusion over the monthly update request (**Document #3**). The Co-Chairs directed Mr. Holwegner to review the information and provide the committee with an update. Co-Chairs Putnam and Apa thanked Mr. Dravland for his quick response to the committee's concerns.

Department of Human Services—\$250,000

Ms. Betty Oldenkamp, Secretary, Department of Human Services, informed the committee that the department is requesting \$250,000 from federal funds to assist families and communities in supporting individuals with developmental disabilities and their families. Ms. Oldenkamp said that the money will allow some children who turn 21 years of age to continue to live with their families instead of moving to a sheltered group home or adjustment training center. She said that it costs \$32,000 to \$35,000 per person to house individuals in a sheltered group home or adjustment training center but \$2,700 to \$3,000 per person to assist those same individuals in their homes. Ms. Oldenkamp said that all of the people under the

DHS will not be eligible for the home services. She said that the funding most likely would continue if the department meets the federal requirements in administering the program.

Responding to Representative Glenski, Ms. Oldenkamp said that the intent is to move the grant into the Medicaid arena.

Representative Glenski said that she supports the department's request because it is advantageous to the State of South Dakota and the families of children with developmental disabilities.

Responding to Representative Klaudt, Ms. Oldenkamp said that the department is required to target Native American populations and rural areas. The first program will be started in the Sisseton area.

Representative Klaudt asked if the state would have to pick up the funding if the federal funding disappears. Ms. Oldenkamp said that if the department does not receive the money, the people being served in this capacity will have to move into a sheltered group home or other environment.

Co-Chair Putnam asked whether this amount would appear in the department's budget. Ms. Oldenkamp replied that in FY2006 the department will be looking at children who are turning 21 years of age, so the amount will not appear in the FY2006 budget but will appear in the FY2007 budget.

Responding to Senator Dennert, Ms. Oldenkamp said that DHS has a waiting list for developmental services of between ten and twenty individuals at any one point. She said that this program will provide a real efficiency for the state and that the families really like the option of keeping the family together in the home.

Representative Adelstein asked Ms. Oldenkamp if she foresees a continued growth in developmentally disabled individuals in the state. Ms. Oldenkamp responded that the state has a rather high incidence of fetal alcohol syndrome; also, a person qualifies as developmentally disabled if a person has experienced traumatic brain injury or is involved in a disabling accident.

REPRESENTATIVE PUTNAM MOVED, SECONDED BY REPRESENTATIVE ADELSTEIN, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE DEPARTMENT OF HUMAN SERVICES FOR \$250,000 FROM FEDERAL FUNDS TO ASSIST FAMILIES AND COMMUNITIES IN SUPPORTING INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES AND THEIR FAMILIES. MOTION PREVAILED UNANIMOUSLY ON A VOICE VOTE WITH 13 VOTING AYE AND 5 EXCUSED. Those voting AYE: Dennert, Earley, Greenfield, Jaspers, Kleven, Duane Sutton, Adelstein, Bartling, Burg, Glenski, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Craddock, Smidt, and Williamson.

Board of Regents—\$15,563,116

Mr. Monte Kramer, Board of Regents, said that at its June meeting, the committee asked the Board of Regents to come before the Appropriations Committee to discuss spending additional money. Mr. Kramer told the committee that the majority of the board's request is based on projected needs for the remainder of the year.

Responding to Senator Earley, Mr. Kramer said that the Board is working on efficiencies with the upgrade of the Regents Information Systems and the new Human Resources and Finance System software project. He said that the systems will provide for common business practices and integrated databases at all universities in South Dakota. Mr. Kramer said that, hopefully, this also will provide better services to Board of Regents' employees.

Co-Chair Apa asked if the Board of Regents is expanding the number of dormitory rooms at Northern State University. Mr. Kramer responded negatively and stated that South Dakota State University is the only campus that will have more dormitory rooms due to its record enrollment, which is expected to continue growing.

Regarding additional FTEs, Mr. Kramer said that the FTEs are grant funded as well as fee funded, and when the federal money disappears, the associated FTE positions will be eliminated.

Representative Adelstein said that the South Dakota School of Mines and Technology has received vast amounts of new programs and funding and asked why that does not appear in the Board of Regents' budget. Mr. Kramer responded that the budget is based on the first quarter of the year, and a lot of the grants are for equipment, which could have been bought in the second quarter when the school spent its grant money.

Also responding to Representative Adelstein, Mr. Kramer said that he believes that the Board of Regents will have better numbers in June.

Responding to Co-Chair Putnam, Mr. Kramer said that he was not sure if he should come to the committee with only projected numbers but that is all that is available at the present time, and they did not want to spend this money without approval. He said that the Board of Regents will continue to encourage the institutions to work on being as clear on their information as possible, and the Board will continue to look at the concern over enrollment.

Representative Adelstein said that he does not understand what sort of additional spending could have possibly occurred for the Ag Experiment Station between now and June that could have given rise to the necessity for the increase in funds at this time.

Representative Klaudt said that the request by the Board of Regents should be denied because it can be taken care of during session and questioned the urgency of the matter at the present time.

Representative Glenski asked whether the committee was being too critical of the agricultural industry compared to other portions of the request. She said that the leading economic indicators show that agriculture is South Dakota's leading industry and said that in her opinion the committee should be more supportive of measures that support that industry.

Senator Apa said that it is not a matter of not supporting the agricultural industry: rather, it is a matter of reviewing the numbers and whether they are appropriate.

Also, as requested by Representative Adelstein, Co-Chair Apa said that, at the prerogative of the chair, he would request that the committee divide the question into two parts as follows:

1. Consideration of an additional \$2,444,847 in federal fund expenditure authority, \$13,118,269 in other fund expenditure authority, and 144.9 FTE for FY 2005 and \$4,250,000 in other fund expenditure authority for funding the first year of the Regents Information Systems hardware and software and costs associated with the new Human Resources and Finance System software project (\$4,100,000) and for costs of insurance for Series 2004A bond indenture.
2. Consideration of an additional \$2,444,847 in federal fund expenditure authority, \$13,118,269 in other fund expenditure authority minus \$463,190 for SDSU Coop Extension Service and minus \$558,431 SDSU Ag Experiment Station, and 144.9 FTE for FY 2005 and \$4,250,000 in other fund expenditure authority for funding the first year of the Regents Information Systems hardware and software and costs associated with the new Human Resources and Finance System software project (\$4,100,000) and for costs of insurance for Series 2004A bond indenture.

SENATOR GREENFIELD MOVED, SECONDED BY REPRESENTATIVE ADELSTEIN, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE BOARD OF REGENTS FOR \$2,444,847 FROM FEDERAL FUNDS, AND \$13,118,269 FROM OTHER FUNDS AND 144.9 FTE FOR FY 2005, MINUS \$463,190 (OTHER FUNDS) FOR SDSU COOP EXTENSION SERVICE AND MINUS \$558,431 (OTHER FUNDS) SDSU AG EXPERIMENT STATION. MOTION FAILED ON A ROLL CALL VOTE WITH 5 VOTING AYE, 8 VOTING NAY, AND 5 EXCUSED: Those voting AYE: Dennert, Duane Sutton, Bartling, Burg, and Glenski. Those voting NAY: Earley, Greenfield, Jaspers, Kleven, Adelstein, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Craddock, Smidt, and Williamson.

REPRESENTATIVE KLAUDT MOVED, SECONDED BY SENATOR EARLEY, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE BOARD OF REGENTS FOR \$2,444,847 FROM FEDERAL FUNDS AND \$13,118,269 FROM OTHER FUNDS AND 144.9 FTEs MINUS \$4,100,000 (OTHER FUNDS) FOR HARDWARE AND SOFTWARE UPGRADES OF THE HUMAN RESOURCES AND FINANCE SYSTEMS.

REPRESENTATIVE ADELSTEIN MOVED TO AMEND THE MOTION BY FURTHER REDUCING THE REQUEST BY \$463,190 (OTHER FUNDS) FOR SDSU COOP EXTENSION SERVICE AND \$558,431 (OTHER FUNDS) FOR SDSU AG EXPERIMENT STATION. MOTION FAILED FOR LACK OF A SECOND.

After committee discussion, Representative Klaudt withdrew his motion, and Senator Earley withdrew his second.

SENATOR DENNERT MOVED, SECONDED BY REPRESENTATIVE GLENSKI, THAT THE COMMITTEE APPROVE THE REQUEST FROM THE BOARD OF REGENTS FOR \$2,444,847 FROM FEDERAL FUNDS AND \$13,118,269 FROM OTHER FUNDS AND 144.9 FTEs.

REPRESENTATIVE ADELSTEIN MOVED TO AMEND THE MOTION BY FURTHER REDUCING THE REQUEST BY \$463,190 (OTHER FUNDS) FOR SDSU COOP EXTENSION SERVICE AND \$558,431 (OTHER FUNDS) FOR SDSU AG EXPERIMENT STATION. MOTION FAILED FOR LACK OF A SECOND.

REPRESENTATIVE PUTNAM MOVED TO CALL THE QUESTION, SECONDED BY REPRESENTATIVE BARTLING. MOTION PREVAILED ON A VOICE VOTE.

MOTION BY SENATOR DENNERT FAILED ON A ROLL CALL VOTE WITH 4 VOTING AYE, 9 VOTING NAY, AND 5 EXCUSED. Those voting AYE: Dennert, Bartling, Burg, and Glenski. Those voting NAY: Earley, Greenfield, Jaspers, Kleven, Duane Sutton, Adelstein, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Cradduck, Smidt, and Williamson.

Co-Chair Apa suggested that the Board of Regents separate some of these issues for consideration during session. He expressed his concern that the Coop Extension Service is intruding on and preempting private business.

Representative Adelstein echoed Co-Chair Apa's comments and relayed an experience in Rapid City concerning the "Character Counts" Program. He said that the Extension Service took over the program, and he believes that the Rapid City School System is funding the program even though the funds for the program are still in the Board of Regents' budget.

Mr. Kramer said that the Board of Regents still will be spending the money for the information systems because the Board has signed a contract to do so. Concerning Cooperative Extension Services, Mr. Kramer said that he will provide more information on that and the Agricultural Experiment Station.

Representative Klaudt asked for a list of grants in the Board of Regents. He said that grants that are ending are not complete information. Representative Klaudt said that the committee works with numbers, and it wants to see the projections; however, he said that the Board of Regents do not have a plan, and the committee wants to see a plan.

Mr. Kramer said that he will provide a list of grants this year.

Report from the Auditor General

Mr. Martin Guindon, Auditor General, said that the Government Operations and Audit Committee requested information of what comprises the Other Funds and Federal Funds accounted for by state agencies and distributed copies of a memo and exhibits given to that committee which provided such information (**Document #4**).

Draft Legislation

Mr. Guindon reviewed three pieces of draft legislation that the Government Operations and Audit Committee adopted for introduction. He said that the first draft deals with indirect cost funds; the second draft would essentially eliminate indirect cost funds; and the third draft deals with condition statements.

Report of FTE Subcommittee

Senator Earley reported that the FTE Subcommittee reviewed the FTE process in other states. He said that the process in Idaho most closely mirrors South Dakota's. Explaining the draft legislation, Senator Earley said that the agencies will be required to report FTE staffing on an annual basis to the Appropriations Committee (**Document #5**). Also, he said that if an agency had not filled an FTE within one year, the FTE will be eliminated.

Mr. Holwegner explained that the Executive Board, at its November 22, meeting, tentatively approved the subcommittee's draft for introduction, pending the approval of the full Special Committee. While the Special Committee is free to revise the recommended draft as it sees fit, Mr. Holwegner suggested that any substantive change should be further cleared by the Executive Committee of the Executive Board. Those Special Committee members who voted in favor of introduction would be listed as the bill's sponsors.

Co-Chair Putnam said that any amendments can be made at the proper time but suggested that the committee approve the draft in concept. Senator Jaspers and Representative Burg agreed that the draft should be approved in concept.

SENATOR EARLY MOVED, SECONDED BY REPRESENTATIVE PUTNAM, THAT THE COMMITTEE ADOPT THE DRAFT LEGISLATION FOR INTRODUCTION IN THE 2005 LEGISLATIVE SESSION AS A COMMITTEE BILL. MOTION PREVAILED UNANIMOUSLY ON A ROLL CALL VOTE WITH 13 VOTING AYE AND 5 EXCUSED. Those voting AYE: Dennert, Earley, Greenfield, Jaspers, Kleven, Duane Sutton, Adelstein, Bartling, Burg, Glenski, Klaudt, Apa, and Putnam. Those EXCUSED: Duxbury, Napoli, Craddock, Smidt, and Williamson.

Adjournment

SENATOR KLEVEN MOVED, SECONDED BY REPRESENTATIVE KLAUDT, THAT THE COMMITTEE BE ADJOURNED. MOTION PREVAILED UNANIMOUSLY ON A VOICE VOTE.

The committee adjourned at 1:52 p.m.
