high school program

2012-13 a year of online course growth

- Online course registrations are up 43.7 percent.
- AP course registrations are up 47.6 percent.

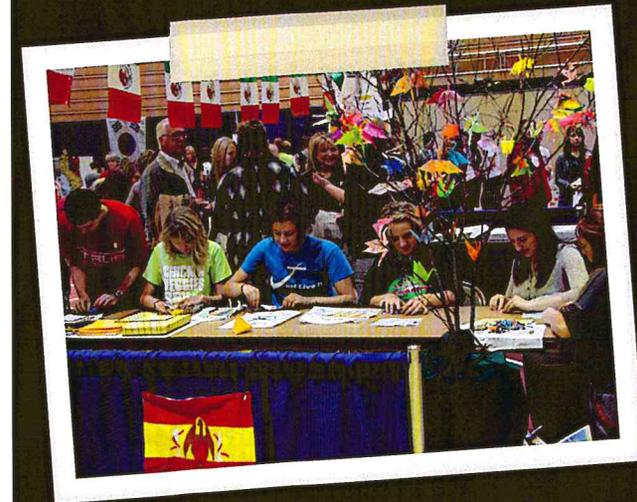

Micro-studios added

The E-learning Center has added three micro-studios within the teachers' offices. This high-resolution solution has allowed expansion of DDN course offerings with minimal construction costs.

Be You. Be Us. Be Northern.

Engaging the millennial student in meaningful learning for a dynamic, digital world.
