- Yes
- No

If yes, how long ago? _____

3. Have you ever had a dispute with a neighboring landowner over water, flooding or drainage?

- Yes
- No

If yes, how was it resolved?

4. Do you believe the current system of county watershed management works?

- Yes
- No

Please explain why or why not:

5. Would you support a mandatory mediation program for all drainage disputes?

- Yes
- No

Please explain why or why not:

6. Would you support a standardized disclosure form/permit for drainage projects?

- Yes
- No

If yes, would you want those records held at the county or state level?

- County
- State

7. What should a drainage form/permit include?

Please check all you believe it should include:

- General description of the project
- Contact info for applicant/landowner
- Contact info for landowners where outlets are located
- Map of site plan and location
- Legal description of the land
- Legal description of the outlet
- Description of the outlet
- Design capacity of the drainage including capacity
- Acres of land to be drained or tiled
- Description of area of drainage system discharge
- Contact info for contractor or drainage project company
- Estimated construction start and completion dates
- Description of public property affected by the project and notification of approval by local, state or federal gov't.
- Whether a wetlands determination was done by NRCS
- Other information required by the county
- Other _____
