5 13-13-10.1. Terms used in this chapter mean:

6 (1) "Average daily membership," the average number of resident and nonresident
7 kindergarten through twelfth grade pupils enrolled in all schools operated by the
8 school district during the previous regular school year, minus average number of
9 pupils for whom the district receives tuition, except pupils described in subdivision

2 membership of the receiving district when enrolled in the receiving district. When
3 counting a student who meets these criteria in its general enrollment average daily
4 membership, the receiving district may begin the enrollment on the first day of
5 attendance. The district of residence prior to the custodial transfer may not include
6 students who meet these criteria in its general enrollment average daily membership
7 after the student ceases to attend school in the resident district;

8 (1B) A student who completes graduation requirements and graduates before the end of
9 the regular school term is included in a school district's average daily membership as

13 1.2 times the average daily membership;

14 (b) For districts with an average daily membership of less than six hundred, but
15 greater than two hundred, raise the average daily membership to the 0.8293
16 power and multiply the result times 2.98;

17 (c) For districts with an average daily membership of six hundred or more,
18 multiply 1.0 times their average daily membership;

19 (3) "Index factor," is the annual percentage change in the consumer price index for urban
20 wage earners and clerical workers as computed by the Bureau of Labor Statistics of
21 the United States Department of Labor for the year before the year immediately
22 preceding the year of adjustment or three percent, whichever is less;

23 (4) "Per student allocation," for the period January 1, 1997, to June 30, 1997, inclusive,
