9 school district during the previous regular school year, minus average number of
10 pupils for whom the district receives tuition, except pupils described in subdivision
11 (1A) and pupils for whom tuition is being paid pursuant to § 13-28-42.1 and plus the
12 average number of pupils for whom the district pays tuition;
- 13 (1A) Nonresident students who are in the care and custody of the Department of Social
14 Services, the Unified Judicial System, the Department of Corrections, or other state
15 agencies and are attending a public school may be included in the average daily

1 membership of the receiving district when enrolled in the receiving district. When
2 counting a student who meets these criteria in its general enrollment average daily
3 membership, the receiving district may begin the enrollment on the first day of
4 attendance. The district of residence prior to the custodial transfer may not include

19 and are attending a public school and students for whom tuition is being paid
20 pursuant to § 13-28-42.1, plus the number of students for whom the district pays
21 tuition. When computing state aid to education for a school district that is under the
22 foundation program pursuant to § 13-13-73 and whose fall enrollment is at least ten
23 students less than its fall enrollment from the prior year, the secretary of the

22 allocation increased by the index factor;
