

67:62:15:17. New admission and readmission. A new admission occurs if an individual is admitted to a Medicaid certified swing bed or nursing facility for the first time or when an admission does not qualify as a readmission. With the exception of certain exempt hospital discharges listed in § 67:62:15:04, new admissions are subject to a PASRR.

A readmission occurs when an individual is readmitted to a Medicaid certified swing bed or nursing facility from a hospital to which the individual was transferred from a facility for the purpose of receiving medical care. This type of readmission does not require a PASRR.
