

24:10:49:06. Instructor salary adjustments. From the funds distributed to each postsecondary technical institute, the president shall determine compensation for individual instructors in programs with identified need as determined in § 24:10:49:04(1). Compensation shall be based on factors including industry experience, teaching experience, academic degrees, industry credentials, and performance. If the payments referenced in this section are subject to negotiation with the designated collective bargain representative of the instructor, the negotiation shall be consistent with the requirements of this section.
