SDCL 3-12-117 requires the Investment Council to report semi-annually the actions related to the shareholder activism policy adopted per Legislature resolution. The law states that, “The report shall include an analysis of the success of the policy in accomplishing the goal of promoting compliance with the federal enactments and its impact on all sales of affected companies.”

The attached policy was reviewed by the Investment Council at their December 9, 2014 meeting. The attached supporting documents outline the compliance with the policy. The documents include a letter sent to Volkswagen AG, the majority owner of MAN SE, on November 22, 2014 and their email response dated November 24, 2014. The Investment Office views MAN Group’s Sudan involvement to be minimal. The company has completely prohibited any new business with North Sudan. Its remaining involvement has been limited as much as legally possible. SDRS continues to hold a position in Volkswagen which is considered undervalued. The risk assessment considered the limited materiality of the Sudan activities and the projected removal of the company from the Sudan list once the contractual obligations are complete.

Sincerely,

Matthew L. Clark

Dear Mr. Winterkorn:

The South Dakota Investment Council is an investor in shares of Volkswagen AG, the majority owner of MAN SE. The Investment Council manages retirement funds for teachers and other public employees of the State of South Dakota. In order to comply with the 2010 HOUSE CONCURRENT RESOLUTION NO. 1012 of the South Dakota Legislature and Council policy, we are required to contact your company to share our concern about your business activities in Sudan. MAN SE appears on a public list of companies with business activities in Sudan that may contribute to perpetuating genocide through financial support.

The Council requests, at your earliest convenience, a written explanation of the business activities in Sudan and any efforts to assure the activities play a helpful role.

The Council strongly encourages you to cease or to convert to inactive status any business activities that are not consistent with helping end the genocide. We believe failure to do so will cause harm to Volkswagen’s world-wide reputation which may negatively impact future business prospects. This may also subject your company to divestiture actions by many large investors throughout the world which may affect the investment value of your company.

Sincerely,

Matthew L. Clark
State Investment Officer

HOUSE CONCURRENT RESOLUTION NO. 1012

A CONCURRENT RESOLUTION, Directing the South Dakota State Investment Council to apply its Social Activism Policy to address the ongoing genocide and other atrocities being committed in Sudan.

WHEREAS, the federal government has imposed sanctions against the government of Sudan since 1997; and
WHEREAS, on July 23, 2004, and again on September 25, 2006, the United States Congress declared and reaffirmed that "the atrocities unfolding in Darfur, Sudan, are genocide"; and
WHEREAS, the United States Congress noted that the genocide in Darfur has lead to the "systematic rape of thousands of women and girls, the abduction of women and children, and the destruction of hundreds of ethnically African villages, including the poisoning of their wells and the plunder of their crops and cattle upon which the people of such villages sustain themselves"; and
WHEREAS, over 500,000 people have died and more than 2.5 million people have been displaced from their homes by the Sudanese regime since 2003; and
WHEREAS, the Darfur crisis represents the first time the United States government has labeled the actions of another country as genocide; and
WHEREAS, since 1993 the United States Secretary of State has determined that the government of Sudan has repeatedly provided support for acts of international terrorism;
NOW, THEREFORE, BE IT RESOLVED, by the House of Representatives of the Eighty-fifth Legislature of the State of South Dakota, the Senate concurring therein, that the South Dakota Legislature directs the State Investment Council to fight the atrocities in Sudan by activating its Social Activism Policy which provides a means of engagement and potential divestment from companies identified by the United States Congress as supporters of the Sudanese government.

Shareholder Activism Policy
related to
Federal Divestiture Enactments

The South Dakota Investment Council (SDIC) Shareholder Activism Policy relates to foreign companies whose securities are held by South Dakota public funds and may be subject to permissive divestiture enactments by the US Government.

The SDIC will make reasonable efforts, using publicly available information, to determine whether foreign companies whose securities are held by South Dakota public funds are on recognized lists in relation to the Sudan Accountability and Divestiture Act of 2007 or other federal divestiture enactments.

The SDIC will make efforts to formally engage identified companies to urge constructive change in company activities in identified countries. The shareholder activism engagement shall include:

1. **Annual written communication.** The annual written communication shall be repeated until the company is removed from recognized lists or the SDIC no longer invests in the company.
2. **Shareholder resolutions and proxies.** The SDIC shall consider the objectives of this policy when voting on shareholder resolutions and proxies.
3. **Risk Analysis.** The SDIC shall recognize, as part of the company valuation process, the risk inherent in business activities in the identified countries, which could lead to sale through the normal investment process.

The State Investment Officer shall maintain a record of written communications and report to the SDIC annually concerning communications and company responses.

MAN SE

From Wikipedia, the free encyclopedia

MAN SE (pronounced [ˈmaːn ʔeːz ʔeː], abbreviation of Maschinenfabrik Augsburg-Nürnberg, pronounced [maːˈzaːnˌfaːɐ̯bʁɪk ˈʔaʊɐ̯sbʊɐ̯k ˈnaʊɐ̯nbʁaŋ] or [ˈfaː bʁiːk]), formerly MAN AG (pronounced [ˈmaːn ʔaː ʔaː ʔeː]), is a German mechanical engineering company and parent company of the MAN Group. MAN SE is based in Munich. Its primary output is for the automotive industry, particularly heavy trucks. Further activities include the production of diesel engines for various applications, like ship propulsion, and also turbomachinery.

MAN supplies trucks, buses, diesel engines and turbomachinery. Until September 2012 MAN SE was one of the top 30 companies listed on the German stock exchange (DAX). The company celebrated its 250th anniversary in 2008. In 2008, its 51,300 employees generated annual sales of around €15 billion in 120 different countries. The company operates through fully owned subsidiaries or joint ventures with local companies in India, Poland, Turkey, China, United States, United Arab Emirates, South Africa, Uzbekistan, Portugal and Germany/Austria.

Takeover by Volkswagen

In July 2011, Volkswagen AG acquired a 55.9% voting stake and 53.7% of the share capital in MAN SE. Pending regulatory approval, Volkswagen planned to merge MAN and Scania to create Europe's largest truckmaker. The combined trucks group is planned to save about 400 million euros per year, mainly by bundling procurement. Regulatory approval was granted, and the takeover completed, in November 2011.[8][9]

In April 2012 MAN SE announced that Volkswagen had increased its interest to 73.0% voting stake and 71.08% of the share capital.[3]

On 6 June 2012 Volkswagen AG announced that it had increased its share of voting rights in MAN SE to 75.03%, paving the way for a domination agreement to be put in place.[3]
Dear Ms. Otten,
Dear Mr. Clark,

Thank you for your email. My colleagues at MAN SE provided me with the following information, which I’m pleased to share with you:

“The exposure of the MAN Group to Sudan has historically been very limited. Neither does it own any assets in Sudan nor does it operate any businesses or have any employees in the country. On May 30, 2012 the Board of Management of MAN SE resolved that any new business with "North Sudan" (all Sudan regions except for South Sudan) is completely prohibited. The fulfilment of existing contracts and warranty obligations shall be exempt from this prohibition as far as legally possible. Revenues derived from Sudan were about 1.2 million EUR in 2013, which represents only about 0.0078 per cent of the total 2013 revenues of the MAN Group. We expect this number to decline.”

Please let us know in case you might have any further questions or concerns.

Thank you, and best regards,

Clemens
